About the University

The University was established by the Government of Tamil Nadu by an Act of State Legislature. It was inaugurated by His Excellency Thiru.K.R.Narayanan, the President of India on September 20th 1997. The University strives hard to develop in the students and research scholars a sense of responsibility to serve the society. It develops skills in advocacy, legal services, legislation and law reforms through better educational instruction and research facilities. The University is functioning as a nodal agency to improve legal education in the State of Tamil Nadu. During its short existence, The School of Excellence in Law (SOEL) run by the University has emerged as one of the premier Law schools in the country.

About the Seminar

In order to discuss and throw light on the emerging dimensions of Family laws in India, The Tamil Nadu Dr. Ambedkar Law University is organising One day National Workshop on "CHANGING DIMENSIONS OF FAMILY LAW IN INDIA" on 4th January 2020.

Objectives of the Seminar

India is a land of diversity where the fundamental unit "the family" is guarded by different personal laws. The forms, concepts and beliefs of the terms family and marriage vary among different personal laws. The Constitution of India guarantees certain fundamental rights to women and children irrespective of their religious laws. The transformation inside the families in modern era affects marriage and divorce patterns, property rights, child's interest etc.

There is a need to observe the paradigm shift in families of India and address the discriminatory aspects of the personal laws in consonance with our Constitutional values and principles. The UN General Assembly has recognised a continued importance towards the development of family policy and laws in complementary with societal changes. Recent revolutionary judgements and the judicial interpretation in complicated issues like surrogacy, unisex marriages, decriminalising adultery, and abolition of "triple talaq" resulted in academic debates in the domain of family law. The objective of the seminar is to discuss and throw light on recent developments in family system and the role of State and Judiciary in reflecting the issues of family laws. The significant goal of this seminar is to explore the new trends in personal laws as well as the neglected aspects of traditional family system for ensuring intergenerational harmony in the future of family law. We invite you all to join us on 4th January 2020 to explore new innovations in Family laws of India which enhances the values of family system in India.
