

TECHNOLEX CYBER CLUB

Cyber security has become vital to the framework of any modern business organization of any nature which utilizes IT & IT related services for their day to day operations. As breach after breach hits the headlines, it's clear to everyone that organizations need more and more professionals focused on cyber security. Precisely to meet these requirements the idea of forming the TECHNOLEX - Cyber Club was opined by a group of enthusiastic students and with the motivation from the Head of the Department of Cyber Space Law and Justice and other faculties of the Department.

TECHNO-LEX CYBER CLUB which belongs to Department of Cyber Space Law & Justice was inaugurated on 28th March 2023 by Mr.T.Mano Thangaraj M.A M.PHIL Honorable Minister for Information Technology and Digital Services Govt of Tamilnadu in the presence of the Honorable Vice Chancellor, Col.Prof. Dr. N.S.Santhosh Kumar and Registrar Dr. Ranjit Oommen Abraham, The Tamilnadu Dr.Ambedkar Law University, Chennai

The first president of the cyber TechnoLex club J.Shalma was appointed and was honored by the Minister of Information Technology and other members of the TechnoLex club was appointed the same day.

Mr.T.Mano Thangaraj M.A M.PHIL Honorable Minister for Information Technology and Digital Services Govt of Tamilnadu gave a detailed overview about the importance of cyber security and the significance of the legal principles applicable to the cyber crimes in our Country. The Honorable minister stated that he would make all the necessary arrangements in the near future for the TechnoLex Club, so that students of the Tamilnadu Dr. Ambedkar Law University could attend International conferences and seminars.

VISION OF THE TECHNOLEX CLUB

The vision is to create awareness among the students regarding various cyber crimes and the cyber laws that helps in preventing the crimes. The club aims at imparting knowledge regarding various cyber laws that are necessary to be known with the growing technology.

MISSION OF THE TECHNOLEX CLUB

The mission is to accomplish the stated goals through conducting workshops and webinars by experts who can guide us with their technical and legal knowledge. The club also aims to conduct various activities, outreach programs to impart ethical and legal knowledge of using the computer technology in schools and colleges.

As a member of the Cyber Club, students are able to collaborate, network and share technical knowledge with fellow students, industry partners and mentors through a wide range of activities such as interview strategy workshops, cybersecurity competitions with other cyber clubs, attending cybersecurity presentations
